LinkedIn: <https://www.linkedin.com/in/hamza-osailan>

Dedicated and highly skilled Frontend Developer with experience creating visually appealing and user-friendly web interfaces.

Proficient in HTML, CSS, JavaScript, React, and various frontend frameworks. With knowledge of multiple backend frameworks like Laravel and Express. Seeking an opportunity to contribute to a dynamic team and help create exceptional web experiences. Dedicated, hardworking, and committed to becoming a dependable and valuable team member.

EDUCATION

Taibah University

Bachelor of Computer Science

December 2017 – January 2022

PROJECTS

TREECOURSE

Registration Mobile application that allows students to find and enroll in courses, Staff to teach the courses, and admin to manage the Courses. Designed the user interface for the main page in the system using Android Studio. Created the sign-up page for the project. Developed the user-interface and backend for the admin.

CAR WHEEL

CAR WHEEL Saudi Arabia is the first step for anyone looking for a car in Saudi Arabia. It offers a huge variety of used and new cars for sale that are listed by individual sellers and dealers. You can easily and directly contact the seller and also sell your car for free, without any commission. You can also search for car availability on auction, lease transfer and reduced price cars sections.
